Maintenance and Care

To ensure the longevity and hygiene of your Milan Portable Pedicure Spa with Footsie Bath Add-on option, follow these maintenance guidelines.
*__This is for the Footsie Bath add-on option when purchasing your Milan Portable Pedicure Spa.__

Daily Cleaning:

1. Drain and Rinse: After each use, drain the water completely and rinse the basin with clean, warm water.
2. Clean with Mild Disinfectant: Use a non-abrasive, EPA-registered disinfectant or a mixture of warm water and mild soap to wipe down the basin and all exposed surfaces. Avoid harsh chemicals that may damage the machine.
3. Brush and Scrub: Use a soft brush to clean any debris or residue from jets, drains, and crevices.
4. Rinse and Dry: Rinse thoroughly with clean water and wipe dry with a soft cloth.

Weekly Deep Cleaning:

1. Fill with Cleaning Solution: Fill the basin with warm water and add a disinfectant or vinegar solution.
2. Run the System: If the machine has jets, allow it to run for 10–15 minutes to flush out any buildup.
3. Drain and Rinse: Drain completely and rinse thoroughly.
4. Dry Completely: Ensure the basin and all components are completely dry before storing or covering to prevent moisture buildup.

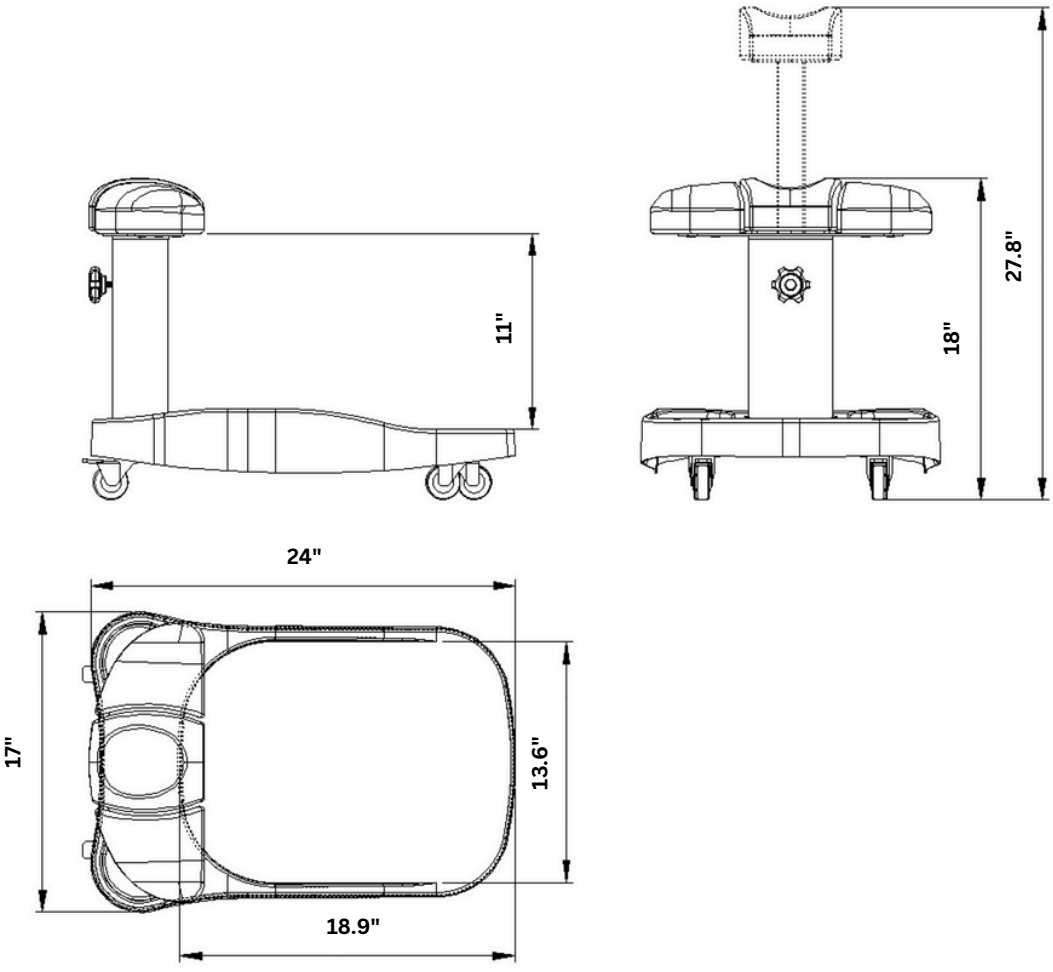

General Maintenance:

- Inspect Regularly: Check for any signs of wear, leaks, or buildup in the drainage system.
- Avoid Standing Water: Do not leave water in the foot spa for extended periods, as this may promote bacteria and mold growth.
- Store Properly: Keep the machine in a dry, ventilated area when not in use.

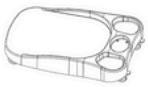

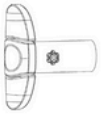

Important Notice:
SkinAct is not responsible for any bacteria, mold, or contamination resulting from improper use, insufficient cleaning, or failure to follow maintenance instructions. Proper hygiene and routine maintenance are the user's responsibility to ensure a safe and sanitary experience.

Specification and Dimensions

- Size: 24 x 17 x 18 inches
- Height Range: 18.1 to 27.8 inches
- Net Weight: 17.6 lbs
- Gross Weight: 22 lbs
- Maximum Load: 110 lbs (in normal use)
- Filling Material: 2.75-inch sponge
- Leather Material: PU/PVC

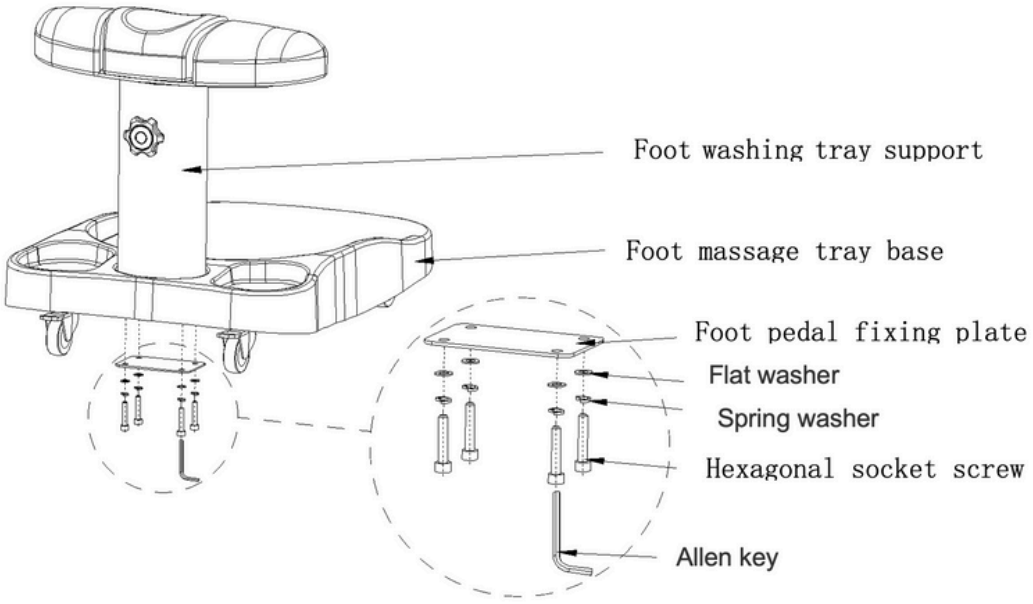

Parts List

Name	Diagram	Specifications	Quantity
Foot massage tray base			1
Foot washing tray support bracket			1
Foot pedal fixing plate			1
Hexagonal socket screw		**M6**	4
Flat washer		**Φ6**	4
Spring washer		**Φ6**	4

Usage Instructions:

1. Position the foot bath tool cart in the desired location and lock it in place by pressing the brake button, as shown in the diagram.

2. Adjust the extension length of the middle pad by loosening the star-shaped knob, as shown in the diagram.

Important Safety Notice

- Do not stand on the foot bath tool cart during operation or use.

Product Maintenance

1. Daily Cleaning
Use a soft, dry cloth to gently wipe away dust from the surface.
2. Removing Stubborn Dirt
For areas with tougher grime, use a soft cloth dampened with diluted neutral detergent. Wipe clean with a dry cloth afterward.
3. Avoid Harsh Solvents
Do not use benzene, thinner, gasoline, or similar solvents. These can damage the leather and corrode the surface.
4. Storage and Usage Environment
Keep the product away from direct sunlight and humid environments to prevent damage and extend its lifespan.
