Spa & Equipment SKIN+ACT

# Highlights

Includes: Hand nebulizer oxygen tubing and 4 oxygen activators. This powerful unit delivers up to 95% pure oxygen by harvesting from the ambient air, using a specialized patented filtration system, creating a constant supply of oxygen whenever you need it. The facial oxygen unit is ideal for accelerating healing after micro-dermabrasions, laser treatments, or it can be charged just as a stand alone treatment. Comes complete with oxygen system, hand nebulizer (airbrush unit), tubing and oxygen activator. (Contains all necessary vitamins, and amino-acids the skin needs to replenish and restore itself.).

Packed with the renowned heavy-duty performance of a Platinum® stationary concentrator, the new Platinum 5NXG is engineered to create a higher standard for reliability and dependable oxygen delivery.

## **Key features and benefits of the Invacare® Platinum® 5NXG:**

- Retractable handle Has 3 positions to make moving and transporting easy
